built-in visibility throughout the eReq, Sample
Registration and Sample Shipping journey

Visit Status & Workflow Visibility: Unified
patient status & lifecycle views with automatic
creation, visit back-tracing and direct navigation
to relevant applications

SITE BENEFITS

Sponsor Portal – Overview of Key Features

Landing Page & Dashboard

Quick overview of the top items to monitor and to action upon

Guided Report Wizard

LabLink Plus™ integration of reporting capabilities via Guided Reporting Wizard with standard and ad hoc reports

Sample Management

Enables sponsor users to track samples from collection at site and proactively manage, minimize or quickly address specimen issues

Supply Management

A streamlined method for monitoring of kit inventory at each investigator site

eQueries

Site eQueries oversight and progression monitoring as well as resolution

Study Oversight Dashboard

Enables dynamic analysis of key metrics and assisting with proactive study oversight and issue resolution

The screenshot shows the Labcorp Sponsor Portal interface. The top navigation bar includes the Labcorp logo, 'Sponsor™', and tabs for 'Study Central', 'Reporting Central', and 'Sample Management'. The main content area is titled 'Study Summary' for 'DEMO100' and 'Protocol ABC', with a 'First Visit: 18-Jan-2010'. It features a sidebar with a menu of options: Quick Links, Sites, Patients, Results, Supply Management, Study Documents, Site Communications, Sponsor Communications, eQueries, Site Actions, Portal Use & Access, and Study Oversight Dashboard. The main dashboard displays key metrics: 14 Patients, 7 Pending Results, 12 Active eQueries, and 2 Unread Sponsor Comms. It also includes sections for 'Latest Study Documents' (Study Manual, Specimen Collection Guide) and 'Active eQueries' (Unread, 449532456, 0%, Patient 124-1013). Red lines and boxes highlight the 'Study Central', 'Reporting Central', 'Sample Management', 'Guided Report Wizard', 'Supply Management', 'eQueries', and 'Study Oversight Dashboard' features.

Investigator Portal – Overview of Key Features

Study Summary Dashboard

Integrated single view providing direct visibility into key functions of your trial operations

Seamless Guided Patient Visit Workflow

Unified, end-to-end visibility across requisition, sample workflows, shipping journey and patient lifecycle views

Enhanced Results Visibility

Result status and trends with near real-time visibility of study progress, sample and results views

Deeper Supply Insights & Embedded Ordering

- 1) Streamlined method for end-to-end supply journey visibility with improved inventory accuracy
- 2) New integrated & embedded in-portal Kit Ordering -reducing data entry by nearly 75%

Dashboard Customization

Customizable widgets delivering actionable insights

Personalized Role-Based Settings

Custom settings by individual instead of site level for personalize view

The screenshot displays the Labcorp Investigator Portal interface. The top navigation bar includes the Labcorp logo, the text 'Investigator Portal™', and a user profile dropdown showing 'WI will inv'. The main content area is titled 'Study Summary' and includes a 'Select View' dropdown set to 'ABC (467-63) - R'. The left sidebar contains a 'Quick Links' menu with items: Quick Links, Communications, Sample Management, Patients, Results, Study Summary, Documents, Study Management, Supply Management, Training, and Common Links. The main content area is divided into several sections: 'Sponsor | Protocol ABC' with a 'Request Supplies' button and a 'Patients' count of 254; 'Lab Reports & Result Alerts' with a table of lab reports (Status: Unread, Accession: J945013, Patient: 10181); 'Lab Manuals & Training' with a table of lab manuals (Status, Category, Version, Actions); 'eQueries' with a table of queries (Status: Unread, ID: 79, Patient: 1366); and 'Site Actions' with a table of site actions (Status, Accession, Patient, Actions). A red box highlights the 'Edit Widgets' button in the top right corner.
